MCAC Issues on  
the Radar:  
2025's New Laws  
& Regulations  
for Construction  
Businesses

MCAC remained vigilant in monitoring and responding to legislative and regulatory developments affecting

California's masonry businesses. In a state known for its complex legislative and regulatory environment, there is no shortage of issues to address. Read our full *2024 Issues on the Radar* for a recap of the key winners, losers, and the ongoing challenges. The measures that passed are the laws we face going into 2025 and beyond. We will continue to bring you updates on those pesky issues that aren't over yet.

## MCAC Welcomes New Members

### Member Spotlight: Matt DiBara of DiBara Masonry and The Contractors' Consultants

We're proud to share that **Matthew DiBara**, an MCAC member, recently appeared on Fox Business Network to discuss the critical issue of upcoming immigration policy changes and the potential impact to the construction industry.

He highlighted the importance of attracting the next generation of skilled workers to our field and emphasized the urgent need for companies to rethink their hiring strategies—hiring smarter, faster, and earlier—to ensure the construction industry's resilience and future growth.

At MCAC, we're thrilled to see our members leading conversations on such vital topics and shaping the future of construction. Great work, Matt!

## 2024 MCAC Year in Review

As 2024 comes to a close, the Mason Contractors Association of California (MCAC) takes a moment to reflect on the year that was. The year saw us continuing to explore new territory like Road Shows, grant applications, and settling in to a new office while keeping our commitment to be an advocate, information center, and connection point for the masonry industry. We take this look back with our sights set firmly on growing from our successes, learning there is always room for improvement, and making an event greater impact in 2025. Now, let's take a look back...

*(See graphic below article for 2024 highlights at a glance )*

- **New Leadership:** Installed a new Board of Directors and navigated a mid-year officer change due to the acquisition of a member company.
- **Advocacy:** Monitored and responded to legislative and regulatory developments impacting California masonry businesses. See *Issues on the Radar* report above.
- **Four Successful Events:**
  1. State Meeting at World of Concrete (WOC) in Las Vegas
  2. Annual Legacy Golf Tournament honoring MCAC's founder and our

country's veterans and providing a vital source of support for MCAC operations.

3. So Cal Roadshow @ Frank Smith Masonry - Pomona, CA. MCAC's newest forum to engage masonry professionals in regional settings.
4. Nor Cal Roadshow @ PTS Masonry - Sacramento, CA. Look for a Roadshow coming to a location near you in 2025.

- **Published Annual Membership Directory:** This vital resource supports MCAC operations and offers cost-effective exposure to over 100 California member mason contracting companies, affiliated industry suppliers, and organizations.
- **Office Move:** Relocated MCAC headquarters for the long-term sustainability of the Association. Subleasing from another association is yielding significant savings.
- **Grant Applications:** Applied for two grants from within the masonry industry community to support future initiatives.

Thank you for being part of an incredible year. Here's to building on this foundation in 2025 and beyond!
